

Terry James

HEAVEN VISION: Glimpses Into Glory

Fascination with the paranormal has been growing by leaps and bounds in the US over the last twenty-five years. One specific segment of that genre—near-death experiences—might be considered the “grandfather” of that fascination and for the most part has been labeled as questionable, if not demonic, by a majority of conservative Christians. And while that may be the proper attitude with which to approach this phenomena in general, biblical Christians may want to reconsider their stance in regard to one book: HeavenVision.

Terry James, a highly respected and biblically grounded minister within conservative Bible Prophecy circles, has penned what can only be described as an unique report of “the afterlife,” after his own near-death experience in which he clinically died three different times on Good Friday, April 22, 2011. James, prompted by his mother to write a book on heaven, mused to himself how spectacular it would be if he could experience death, see over into the heavenly realm and return to write about it. And, as he says in his book, one must be careful what one asks for.

With his own experience and personal accounts of others who have experienced those like his, James relates a definitive, biblically sound exposition of the believer’s future inheritance.

TERRY JAMES is author, general editor and co-author of more than twenty books on Bible prophecy, hundreds of thousands of which have been sold worldwide. He is a frequent lecturer on the study of end-time phenomena, and interviews often with national and international media topics involving world issues and events as they related to Bible prophecy. His is partner and general editor in the www.raptureready.com website, which was recently rated as the number one Bible prophecy website on the Internet.

Printed ISBN: 1620220407

eBook ISBN:

Publisher: Icon Publishing Group

Publication Date: April 1, 2013

Price: \$23.95

Format: Hardback

Size: 6x9

KEY MARKETING POINTS

Subject Matter:

- *Being a “PK” (preacher’s kid) carries with it certain responsibilities and stigmas that other kids are not familiar with.*
- *The families of men and women called of God to special purposes are not immune to the same trials and tribulations that other families face.*
- *All men of God, both biblical and modern- day, are created equally; they all have “feet of clay,” despite the call upon their lives.*

Promotion:

- *ICON will promote this title with a marketing campaign using banner ads, email blast and media sheet promotion, to both our ABA and CBA sales channels.*
- *ICON's Marketing Department will develop and produce news worthy copy, and distribute to its blogging partners and web affiliates.*
- *ICON will identify specialty accounts and market to those, as well.*

ICON BOOKS ARE DISTRIBUTED TO THE TRADE THROUGH MIDPOINT TRADE BOOKS, NEW YORK.
